Forecast For East of England
Issued by Met Office Exeter
at 0400 on Wednesday 28 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Brightening up on Wednesday, but further rain for some tonight.

Today:
Mostly cloudy with scattered showers in the far west, occasionally heavy during the afternoon. An improving picture to the east, with brightening skies and the best of any sunshine in East Anglia. Quite breezy along coastal areas though. Maximum temperature 14 deg C (57 deg F).

Tonight:
Rain may develop across Essex and south Suffolk for a time but for most, it'll be a dry and clear but chilly night. Remaining breezy along coastal areas. Minimum temperature 2 deg C (36 deg F).

Thursday:
Early rain clearing east to sunny spells but a few afternoon showers, particularly in the west. Slightly colder than Wednesday, with temperatures below average for the time of year. Maximum temperature 13 deg C (55 deg F).

Outlook for Friday to Sunday:
Largely dry and bright on most days, but a few showers in the afternoon. Mostly clear with a chance of frost overnight. Perhaps cloudier and less cold on Saturday.
